

Cohoes High School

June, 2011

Dear Mr. Hornbrook:

Before the summer is upon us, I just wanted to let you know how much Cohoes High School has appreciated the generosity by you to the graduates at the recent senior awards ceremony held on June 23, 2011. The students and their families, as well as the administration of the school, acknowledge the value of these awards in terms of the recognition they bestow upon the young people. The students selected have worked diligently for four years, at the very least, whether in academics or community service. To have their efforts given public acclaim is very important to everyone involved.

Thank you again for sharing in this special event. We look forward to having you join us next year.

Sincerely,

Joseph Rajczak
Principal
