- We conclude each weekly meeting with recitation of The 4 Way Test, see below.

## The 4-Way Test:

The 4-Way Test "Of the things we think, say or do":

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?"

## ROTARY'S WHEEL EMBLEM

A wheel has been the symbol of Rotary since our earliest days. The first design was made by Chicago Rotarian Montague Bear, an engraver who drew a simple wagon wheel, with a few lines to show dust and motion. The wheel was said to illustrate "Civilization and Movement."

Most of the early clubs had some form of wagon wheel on their publications and letterheads. Finally, in 1922, it was decided that all Rotary clubs should adopt a single design as the exclusive emblem of Rotarians. Thus, in 1923, the present gear wheel, with 24 cogs and six spokes was adopted by the "Rotary International Association."

A group of engineers advised that the geared wheel was mechanically unsound and would not work without a "keyway" in the center of the gear to attach it to a power shaft. So, in 1923 the keyway was added and the design which we now know was formally adopted as the official Rotary International emblem.
